Why Did the Soviet Union Invade Afghanistan in 1979?

Both are based on the Soviet-designed Kuznetsov-class carrier of the 1980s and are powered by conventional oil-fired boilers and carry 24 to 36 J-15 fighter jets. The USS Theodore Roosevelt is one of them.

Unlike Hungary (1956) or Czechoslovakia (1968), communism emerged independent of Soviet interference in Afghanistan, which until 1978 was neutral within the Cold War and peripheral to Soviet-American rivalry. Furthermore, the decision to invade was not immediate: the Kremlin faced the option to intervene in March 1979 – following the Heart of Asia crisis.

The GRU was known in the Soviet government for its fierce independence from the rival “internal intelligence organizations”, that worsened a fierce rivalry between the two agencies, which were both engaged in espionage. The rivalry became even more intense than that between the Federal Bureau of Investigation and Central Intelligence Agency in the US. The existence of

This gallery tells about that U.S.-Soviet space rivalry and its aftermath, from the military origins of the Space Race, through the race to the Moon and the development of reconnaissance satellites, to cooperative ventures between the two former rivals and efforts to maintain a human presence in space. Some of the many highlights include a German V-1 “buzz bomb” and V-2 missile, …

Pepsi was first introduced as “Brad's Drink” in New Bern, North Carolina, United States, in 1893 by Caleb Bradham, who made it at his drugstore where the drink was sold. It was renamed Pepsi-Cola in 1898, “Pepsi” because it was advertised to relieve dyspepsia (today more commonly known as indigestion or an upset stomach) and “Cola” referring to the cola flavor.
